

Reed's receives EDC recognition

staff reports pilotnews@pilotindependent.com | Posted: Friday, September 19, 2014 7:50 am

Reed's Family Outdoor Outfitters was presented with a plaque of congratulations from the Cass County Economic Development Corporation (EDC). Reed's has expanded by 13 employees because of the new Warehouse and Distribution Center built in 2013 in the Walker Industrial Park. The EDC helped with the 36,000 square foot expansion that provides more room for fishhouses, decors, motors and fulfills online orders. This popular store sells every sporting goods item you can think of.

Accepting the certificate are (from left) Aaron Sheldon, Becky Whalen, Jeff Kemp and co-owner Drew Arnold.
