

Cass County EDC recognizes Northern Sales and Manufacturing

Posted: Monday, December 8, 2014 7:50 am

Cass County EDC recognizes Northern Sales and Manufacturing staff reports pilotnews@pilotindependent.com

Northern Sales and Manufacturing started operations in June 2014 at their Pine River site. It is an expansion of their Montevideo location.

Manager Jesse Drexler was recently presented with a plaque of congratulations from the Cass County Economic Development Corporation.

This business manufactures RV Custom Ice Castle Fish Houses at this satellite location. They also sell and accessorize existing units in Pine River.

Ice Castle Fishhouses are available with satellite TV and bay windows. They have retractable wheels for year round use. Products at the Pine River site include fish houses — small to large — dog kennels, RV's and sheds.

The business is located just south of Pine River on Highway 371 next to Houston Ford and is owned by Jeff Drexler and Dave Handeland. Contact Jesse at (218) 587-5400 for more information or to talk to sales manager Mark Harmon.
