The Cass County Economic Development Corporation Board and Staff cleaned the Beuber Lake access and camping area the afternoon of April 27.

This lake access is owned by Cass County and is located in Powers Township. It is frequented by fishermen, boaters, hunters and families. The two sites are clean and ready for another year of use by the public.

As an economic development corporation, the EDC's mission is to "Attract and Retain Businesses in Cass County," and quality of life is also important for future business attraction.
