- Businesses need workers and workers need businesses-

This tool is in response to what our member businesses tell us they need. If you are not a member, we ask that you consider joining, which will help us to continue this work.

Thanks to the Initiative Foundation, a regional foundation, for your special assistance to develop this tool.

Professional Economic Development Expertise is what the Cass County EDC offers. We keep up to date with the new and changing programs, incentives and public tools of the industry. By working together, this adds value to the services small cities can offer on their own. Thanks for being a partner in this work.

Ask an [EDC Board Member](#) why they are involved.
